CORPORATE FOUNDATION TERMS & CONDITIONS

TAX STATUS OF FUNDS. Funds established at Seattle Foundation (the “Foundation”) are component funds of Seattle Foundation, a Section 501(c)(3) public charity. Accordingly, all contributions to the Foundation’s funds are treated for tax purposes as gifts to a Section 501(c)(3) public charity and are tax deductible to the extent allowed by law, subject to individual and corporate limitations.

VARIANCE POWER. All funds established at the Foundation are subject to the Foundation’s “variance power,” as set forth in the Foundation’s Articles of Incorporation. The variance power gives the Foundation the authority to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to any specified charitable organization if, in the sole judgment of the Foundation’s Board of Trustees, such recommendation or condition becomes unnecessary, incapable of fulfillment or inconsistent with the charitable needs of the community.

DISTRIBUTIONS. The Foundation anticipates distributions from each fund at least every two years. Donors may, at the time they create a fund, recommend that the fund be managed as a permanent endowment and be paid out in accordance with its spending policy or be paid out over a specified period of time. Donors may also specify that no distributions be made until the fund reaches a certain dollar amount. All distributions from donor funds are subject to the Foundation’s variance power, as noted above.

SPENDING POLICY. The Foundation anticipates distributions from each endowed fund at least annually of an appropriate percentage of the fund’s market value, as determined by the Foundation’s Board of Trustees. In determining the annual distribution amount to be paid from endowed funds, the Foundation’s Board of Trustees may consider the expected total return on the fund’s investments, the desirability of maintaining the value of those funds and any other factors that it deems relevant. The Foundation reserves the right to spend the entire amount of any fund, if by the terms of the donor gift agreement the gift is subject to the Foundation’s “Spending Policy” and the Foundation determines that such expenditures better satisfy the donor’s intentions than a limitation on expenditures.

RESTRICTIONS ON GRANTS FROM FUNDS. Distributions from funds established at the Foundation will be made only if they are consistent with the Foundation’s charitable purposes. Fund distributions may not result in the donor, advisors or related parties receiving more than an incidental benefit. This includes distributions to purchase memberships, tables or tickets for fundraising events or to satisfy a pledge or other financial obligation. Distributions from donor funds may not be made to any specific individual (other than from approved “scholarship funds”) or to participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office.

INVESTMENT OF ASSETS. All assets contributed to funds established at the Foundation will be managed in the Foundation’s general fund, unless otherwise requested by the donor in writing. Assets may be managed by an independent trustee, custodian, investment advisor or other fiduciary (an “outside investment manager”) apart from the Foundation’s general fund, provided that all such assets are managed in accordance with Seattle Foundation’s “Statement of Investment Objectives and Policy.” All outside investment managers shall be provided with a copy of and must agree to adhere to Seattle Foundation’s “Statement of Investment Objectives and Policy” as a condition of continued service in such capacity, and the Foundation reserves the right to replace any outside investment manager in its sole discretion. Minimum fund values are required for investment of assets outside of the general fund. For more information about the requirements for using an outside investment manager, contact a member of the Foundation’s Philanthropic Services team.

FEES. Funds established at the Foundation are subject to administrative and investment fees. A list of current fees is available upon request. The Foundation reserves the right to change its fee structure at any time.

FUNDRAISING POLICY. Companies that wish to engage in fundraising activities for a fund at the Foundation must receive advance approval from the Foundation. Such activities must comply with the Foundation's "Charitable Solicitation Guidelines." The Foundation cannot reimburse the company, other donors, fund advisors or related parties for expenses related to fundraising activities. All funds raised in support of the fund should be made payable to Seattle Foundation.

CONFLICT OF TERMS. In the event of an inconsistency between these terms and conditions, and any terms and conditions appearing elsewhere in connection with any fund, these terms and conditions as interpreted by the Foundation shall govern, and the Foundation reserves the right to take any actions at any time which, in its discretion, it deems reasonably necessary or desirable for the proper administration of any fund or the Foundation.

CHARACTERISTICS OF CORPORATE GIVING FUNDS. Companies establishing a Corporate Giving Fund are encouraged to make recommendations regarding distributions from the fund for specific charitable purposes or to one or more charitable organizations. In addition to the "Restrictions on Grants from Funds" section above, distributions from these advised funds will be made only if they are consistent with Seattle Foundation's standards and criteria applicable to advised funds, as may be amended from time to time.

ROLE OF ADVISORS. The Foundation welcomes the involvement and recommendations of its donors with respect to distributions from advised funds, but such recommendations are advisory only and are in no way binding upon the Foundation. In evaluating recommendations for distributions from advised funds, the Foundation staff investigates all prospective grant recipients to ensure that they are organized and operated for charitable purposes typically as described in Section 170(b)(1)(A) of the Internal Revenue Code; reviews the recommended grantee's financial and program information; and evaluates the advice against the standards and criteria set forth in the Foundation's current "Policies and General Operating Guidelines."

In all cases of two or more advisors, the company shall appoint a chairperson and all communications concerning grant recommendations to and from Seattle Foundation will be through the chairperson. In any case where multiple advisors make conflicting recommendations regarding distributions from the fund that cannot be promptly resolved, the Foundation may independently initiate distributions from the fund. In addition, if the advisor(s) fails to make a standing distribution recommendation, or fails to make any distribution recommendations for two consecutive years, the Foundation will contact the advisor(s) to discuss this situation (see "Inactive Funds" section below for more details).

APPOINTMENT OF ADVISORS. All requests to appoint additional advisors to an advised fund must be communicated to the Foundation in writing by an officer or other authorized representative of the company that established the fund. Corporate Giving Funds are often advised by an appointed committee with a process for selecting new members. Any changes in the fund's advisors or chairperson must be made in writing by an officer or other authorized representative of the company that established the fund.

INACTIVE FUNDS. In order to carry out its policy of consistently distributing charitable dollars to the community, the Foundation will review periodically the grantmaking activity of every advised fund. If a fund has failed to make distributions commensurate in size with the Foundation's spending policy over a two-year period, the Foundation will contact the company to discuss this situation. At that time, the company will be given the following options to continue the fund:

- Provide a plan for funding a specific charitable project that requires an accumulation of resources for more than a two-year period.*
- Resume making ongoing grant recommendations.*

If the company does not have a plan for funding a specific project and does not want to make ongoing grant recommendations, then the remaining fund balance will be distributed in accordance with the future plan set out in the fund agreement.
