

SHORT-TERM GIVING HORIZON/ LOWER RISK/ LOWER RETURNS

Short-Term Pool

0-2 year giving horizon. Historic return of 0.9%* net of investment management fees of 0.22% with a standard deviation of 1.4%.

- Cash & Equivalents
Fixed Income

For philanthropists with a giving horizon of less than two years, the Short-Term Pool is typically invested in money-market funds and short-term bonds for the primary goal of capital preservation.

Intermediate Pool

3-7 year giving horizon, default for funds. Historic return of 3.8%* net of investment management fees of 0.26% with a standard deviation of 4.7%.

- Cash & Equivalents
Domestic Equity
International Equity
Fixed Income
Real Return

To support a giving horizon of three to seven years, this pool invests primarily in fixed-income securities and includes a relatively small allocation to equities. Designed to add some market exposure over a longer giving horizon, this fund is projected to deliver higher returns with slightly more volatility than the Short-Term Pool.

Index Pool

Long term, fee sensitive, passive management. Historic return of 7.2%* net of investment management fees of 0.26% with a standard deviation of 12.9%.

- Domestic Equity
International Equity
Fixed Income

The Index Pool is designed for philanthropists who prefer passive management and therefore has lower investment management fees while still maintaining exposure to domestic and international equities as well as fixed income products of a long-term giving horizon.

Socially Responsible Investment Pool

Long term, active management, socially responsible. Historic return of 7.2%* net of investment management fees of 1.10% with a standard deviation of 12.3%.

- Domestic Equity
International Equity
Fixed Income

The SRI Pool is a portfolio of approximately 65% equities and 35% fixed income, achieved through a combination of funds provided by fund managers Towle, Boston Common International, and Domini. The SRI Pool's goals are to achieve both economic returns and environmental, social and governance (ESG) investing over a long-term giving horizon.

Balanced Pool

Long term, largest pool, active management. Historic return of 8.3%* net of investment management fees of 0.94% with a standard deviation of 13.8%.

- Domestic Equity
International Equity
Fixed Income
Hedged Funds Composite
Real Return
Real Estate
Private Equity

The Balanced Pool is the primary investment choice of a majority of our donors. It reflects a "total return" approach to investing and is focused on maximizing income while maintaining an efficient and well-diversified portfolio for donors with at least a 10-year giving horizon. As the best-performing asset class varies from year to year, this diversified portfolio benefits philanthropists by maintaining consistent exposures to all asset categories.

Growth Pool

Very long term, high growth and high volatility. Historic return of 8.3%* net of investment management fees of 0.41% with a standard deviation of 15.2%.

- Domestic Equity
International Equity
Fixed Income
Real Return

The Growth Pool is designed for philanthropists who understand and accept capital market risks in the form of volatility and reduced diversification. Concentrated in equities, this fund is expected to maximize returns over a very long-term giving horizon.
