East King County Community Fund and COVID-19 Response Fund Principles

• Support the most vulnerable workers, families, and residents in the region
• Fund community-based nonprofits on the frontlines who are trusted in their communities
• Center racial and economic equity
• Remain flexible, adaptive, and responsive
• Identify places where philanthropy can add value
• Coordinate with other aligned and parallel efforts

East King County Community Fund- Grantmaking Process

• Similar to COVID-19 Response Fund, aim to develop grantmaking process and priorities in partnership with community partners and those most impacted
  • Engaging in stakeholder conversations to inform priorities
  • Will recruit a 10-12 person Advisory Group representative of those most impacted and knowledgeable of East King County landscape and issue areas to engage in grantmaking decision-making
• Building grant process alongside fundraising milestones and priorities of Phase 3 of the COVID-19 Response Fund (which will deploy at least $10M)
